

Husqvarna®

ANGLE DRILLING

The unit can be set for drilling at different angles.

STRAIGHT AND ACCURATE DRILLING

The carriage has guide rollers which help drill straight holes.

USER-FRIENDLY BASE PLATE

Lightweight base plate made of aluminum with integrated vacuum base, means fast setup with no damages to the surroundings.

Husqvarna DS 150

This is our most versatile and lightweight drill stand. DS 150 is an ideal choice when you need a stand for smaller jobs requiring fast setup, for example light core drilling up to 6 in. diameter. The base plate has an integrated vacuum base that is fast to set up and gentler on the surroundings.

It is easy and comfortable to transport thanks to a practical handle. Suitable for drilling holes in walls, floors and ceilings.

TECHNICAL SPECIFICATION

Max drill bit diameter	6 inch
Travel length	19 inch
Suitable for	DM230
