

Husqvarna Gas Portasaw ® MS 355 G*

The industry's best built, longest lasting portable masonry saw is now even better with standard carrying handles. The removable handles make the Husqvarna Portasaw MS 355 easy to carry and easy to store. The most reliable saw in the market is easy to set-up and transport.

Features Husqvarna Gas Portasaw ® MS 355 G*

- 4.8 HP engine
- Only two pivot points for reduced saw maintenance and increased diamond blade life.
- Cutting head pivots on bearings which are sealed and lubricated for life.
- Position the head to the desired height, then tighten the lock handle to fix the head in position. Material can then be pushed toward the blade.
- Hold the handle and lower the blade into the material to plunge cut.
- With the optional foot pedal kit, the operator can use their foot to lower the blade into the material.
- Field installable bladeshaft assembly reduces downtime when replacement is needed.
- Patented Sta-level® blade guard keeps the blade guard parallel to the cutting table for accurate cuts.
- The large conveyor cart is made of durable, cast aluminum for strength and rigidity with moveable rip guide for precision cuts.

TECHNICAL SPECIFICATION	
Starter	Recoil
Engine cooling	Air
Belt	PolyV
Spindle diameter	1"
Blade diameter	14 inch
Max cutting depth	5 inch
Product size, LxWxH	43x22x35 inch
Weight	198 lbs
Weight incl. packaging	209 lbs
