ECOGUARD TYPE M

Variable-Speed Angle Grinder Solution for Metal Cutting

SPARK
a.k.a. **BUSTER**

Spiral Duct

Stainless Steel Plate

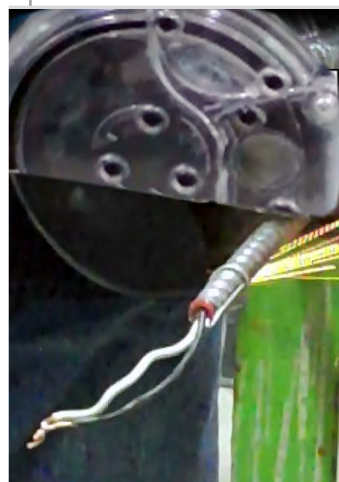

Metal Grid

Metal Lock

Spiral Electrical Cord

Metal Pipe

Introducing the EcoGuard Type M a.k.a. Spark Buster for making it possible to utilize a variable-speed angle grinder for metal cutting applications. Equipped with a Carbide-tipped blade, the EcoGuard Type M eliminates the dangerous kick-back on hand-held grinders as well as minimizes sparks, debris and odor. This new system cuts angle iron, c-channel, conduit, schedule 40, spiral duct, galvanized roofing, metal studs, rebar, stainless steel, aluminum plates and bars, steel plates, threaded rods and unistrut. Perfect for all your metal cutting needs!
