

CT 24

Walk-behind Trowels gasoline-driven

The specialist for edging: CT 24

Wacker Neuson's smallest trowel offers a valuable job site solution. The CT 24 is perfect for finishing concrete along edge sections, around pillars and for small surfaces. This machine improves productivity while providing more ergonomics to the operator. The folding center pole makes transporting easy and the guide handle reduces vibrations, thus allowing comfortable working.

- Patented dynamically balanced design for easy and comfortable operation.
- Perfect results in all edging areas and in small areas.
- Low vibration handle reduces hand/arm vibration for reduced operator fatigue and increased production.

Technical specifications

L x W x H	60.9 x 24 x 41 in
Weight	160 lb
Troweling diameter	24 in
Pitch range	0-15 °
RPM - area	90-141 rpm
Quantity of blades	4
Engine / Motor	Air-cooled single-cylinder four-cycle gasoline engine
Engine / Motor manufacturer	Honda
Engine / Motor type	GX120
Displacement	7.3 in ³
Operating performance (SAE J1349)	3.5 hp
at rpm	3,600 rpm
Fuel consumption	0.34 US gal/h
Tank capacity	2.6 US qt

Please note
