

Dual paddle mixer Xo 55 duo

Heavy work – made lighter

The counter-rotating hand-held mixer makes lots of mixing jobs easier and quicker. There is no counter-torque on the user and the machine is easy to move even in heavy and viscous material. You can generally count on being finished in just half the time. That's modern mixing!

- Quick, easy and thorough
- Fast and thorough
- Universal and economical
- Upright working position
- HEXAFIX® quick-action coupling
- Electronic speed control

Technical specifications

Power supply	110 V, cable length 13 ft.
