

Husqvarna DM 280

Electric core drill for use with stand. DM 280 is an ideal choice for medium core drilling up to 14 in. diameter. The motor is very easy to operate and features several ergonomic features facilitating drilling and set up. Suitable for water evacuation, ventilation, angle drilling and stitch drilling.

DRILL WITH MAXIMUM PRESSURE

An LED indicator shows the load of the machine, allowing you to always drill at maximum pressure.

DURABLE AND ERGONOMIC DESIGN

Durable and shock-proof, designed to protect the electronics. Easy to carry and install thanks to low weight and ergonomic design.

RELIABLE GEARBOX

Watercooled 3 speed gearbox for optimal drilling performance and longer service intervals.

EASY START WITH REDUCED SPEED

Used with starting a hole, speed is reduced by half using the Smart Start® button, which reduces vibration.

Features Husqvarna DM 280

- The machine uses pulsation to warn you of an approaching overload. This increases productivity and extends product life.
- The LED indicator shows the load of the machine, allowing the operator to always drill at maximum pressure, for best performance.
- An electronic current limiter for soft starts with normal fuses. This gives you a smooth start with high productivity and reduces initial load on motor.

TECHNICAL SPECIFICATION	
Voltage	230/110V
Power	2700W
Phases	1
Speeds	3
Spindle speed full load low speed	240/540/930rpm
Spindle speed full load high speed	350/780/1340rpm
Rated output, W	1750/1850W
Rated current, A	13/25 A
Spindle speed idle high speed	440/970/1670 rpm
Spindle speed idle low speed	300/660/1140 rpm
Max drill bit diameter, stand	14 inch
Spindle thread, outer	1 1/4" UNC
UNC water coupling	G 1/4"
Weight	29 lbs
