Germany

Sanding was yesterday - Fine Milling is today

NEW

*on wooden surfaces **and**
on mineral surfaces*

The precise surface milling system

EIBENSTOCK

The precise surface milling system

The EOF 100 removes quickly and thoroughly paint, varnish, resins, solid and greasy dirt as well as coatings on plane wood and mineral surfaces. It is used for renovation and reconstruction up to restoration works.

PRECISE

Depth adjustment in 0.1 mm steps
for precise removing (up to max. 1.0 mm) – no unintentional milling into the basic material

CLOSE TO THE EDGE

TIME AND MATERIAL SAVING

compared to alternative methods

no hazardous chemical substances

no unhealthy persistent odors

no clogging of the abrasive

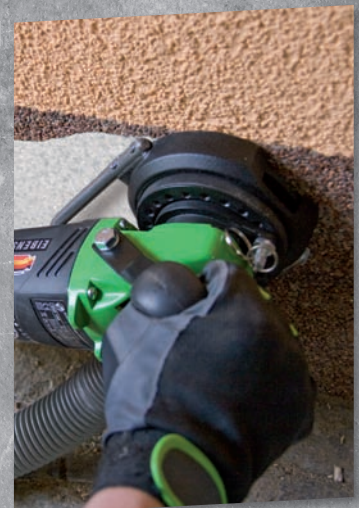

with PCD  **on mineral surfaces**

Plaster renovation

Removing of coatings
(e.g. markings, floor sealing, oil protection paint)

Plinth plaster

Made
in
Germany

expected to become available in the third quarter of 2015

with carbide  on wooden surfaces

Parquet

Stairs

Doors

Gates

Boats

Windows

Balcony and facade panellings

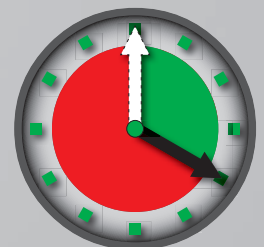

HIGH REMOVAL RATE

in particular at problematic coating layers on wood

**EASY AND
ECONOMIC WORKING**

with the EIBENSTOCK surface milling system

saves about 2/3 of the working time compared to alternative methods

EIBENSTOCK

Quality power tools since 1919

Made

Germany

Turnable protection guard with dust extraction
flexible adaptation to the surface to be finished especially to the edges

Soft grip handle

less vibration,
non-slip,
perfect handling

Spindle lock

easy tool change

Ø 100

Dust guard opening

for milling close to the edge of the working area

Powerful 1,400 W motor

Cut-off carbon brushes
protection of the motor

Electronic: soft start, temperature control, constant speed – perfect working result, protection of the machine

Slim housing design – handy

Lock-on button

against unintentional switching on

Support Bow

easy guiding, no tilting of the machine

Depth adjustment

in 0.1 mm steps for precise removing (up to max. 1.0 mm)

Choose your accessory:

Accessory	Description	Order No.
	PCD milling disc for mineral surfaces	37125000
	Carbide milling disc for wooden surfaces	37124000
	Industrial vacuum cleaner DSS 25 A DSS 50 A DSS 35 M iP	09915000 09916000 09919000

Specifications	Surface milling machine EOF 100
Power input	1,400 W
Rated voltage	230 V ~
Rated speed	10,000 rpm
Milling depth	0.1-1.0 mm
Disc diameter	100 mm
Spindle connection	Ø 22.2 mm
Weight	3.1 kg
Order No.	06531000
Supplied	in a case incl. assembly tools without milling disc
